ZIVA® is an elite-performance sports and wellness brand. Distilled to its essence, our brand is driven by the peace of harmony and the joy of living, expressed most powerfully for us through sport, movement, and strength. This essential drive underpins our efforts to improve the physical and mental health of people all around the world.

This philosophy is reflected in our name. The “ZI” in ZIVA comes from the name of the founder of Daoism, an ancient Eastern religion that emphasizes harmony; living in accord with both the nature around you, and with your own nature; and cultivating an attitude of gratitude and happiness by following what it refers to as “The Way.” The “VA” in ZIVA is the second half of the Spanish word “viva,” which means to live fully, to strive with all your heart, and which is an exclamation proclaiming the absolute joy of life and all that it entails.

Our philosophy is embodied in our products. Their premium, progressive design is made to exist in beautiful, artful harmony with high-class gyms and modern homes while their rugged, high-performance functionality invites movement and energetic exertion.

And our philosophy is lived by every team member every day as we work in harmony with one another, joyously striving to bring holistic fitness to the world.

This is ZIVA and our WAY TO LIVE.

A woman with blonde hair, wearing a black ZIVA tank top and black leggings, is sitting on the floor in a gym. She is looking off to the side with a thoughtful expression. Next to her is a black kettlebell with the number '12' and the ZIVA logo in yellow. The background is a dark, textured wall.

OUR STORY

The ZIVA® Journey began in 2008 in a single, out-of-the-way gym where from our earliest days, we sought to provide athletes and fitness enthusiasts with a transformational platform that could empower their fitness journey.

The things we practiced in the gym forged the values at the core of our company: innovation, inspiration, and precision. Our business has changed radically over the past decade and a half; we still have that out-of-the-way gym, but it's now part of the HQ of a global corporation where we coordinate design, manufacturing, marketing, and shipping of over 1,000 SKUs in over 80 markets.

Though we have grown, we will never outgrow the values we first formed in the gym. Today those values are expressed in our products with innovative solutions, inspirational designs, and precision manufacturing.

OUR WORK

We create commercial products tailor-made for the world's most recognizable gyms as well as gorgeous equipment made especially for at-home training. We are renowned for our outstanding quality, inspiring product design, and the refreshing solutions we deliver. We partner with athletes and associations that stand at the pinnacle of the fitness world. We publish compelling content that excites and energizes while it educates. Our team is powerful, passionate, and positive, and we are driven to innovate, iterate, and improve.

ZIVA TRAINING CLUB

At ZIVA®, our aim isn't just to grow a fitness business, it's to build a fitness legacy that ensures the future vitality of the industry we love so much. That's why we invest so heavily in high quality content, including exciting, engaging instruction for at-home athletes, and elite-level professional education and programs for the fitness pros using our equipment in commercial settings every day to improve the lives of those they train.

The ZIVA Training Club is a constantly growing worldwide collaboration of top-level trainers, innovators, and competitors making training content that uses proven methodologies, science-based programming, and fantastic production values that deeply engage athletes at all levels. Curated by our Director of Education, the content found here features professional ZIVA trainers, brand ambassadors, and presenters who deliver world-class training that turns every viewer into a VIP client.

ZIVA EXERCISE LIBRARY

This yellow icon identifies home and commercial products featured in the ZIVA Exercise Library. The ZIVA Exercise Library is an online database of exercise demos and tutorials built around ZIVA kit to inspire fresh approaches to exercise while mitigating unnecessary risk of injury.

ZIVA EXERCISE PROGRAMMING

The gray ZEP icon marks home and commercial products featured in programmed exercise templates built to guide enthusiasts and trainers through sample workouts and routines. ZIVA Exercise Programming content may be presented in printed or video formats.

ZIVA® AND THE COMMITMENT TO SUSTAINABILITY

Since our very inception, the ZIVA vision of wellness has been holistic, compromising not only mental, physical, and spiritual health, but the health of the world around us, as well. We have lived our commitment to sustainability from the first ZIVA showroom – One Wellness – which was designed to be carbon neutral all the way back in 2008. It was the very 1st carbon neutral gym in Asia, and the 2nd in the world. Before many had heard of carbon neutrality, it was a personal point of pride for us and a symbol of our commitment to a better world. We renew that commitment every year, using ever more environmentally friendly materials up and down our supply chain.

Today, 100% of our retail packaging is cardboard made from 100% recycled paper and 100% water-based inks. This makes our packaging completely compostable and biodegradable. Within the next year, we will have phased out all plastic in our packaging, as well, making less waste and a more positive impact.

But there's more to sustainability than just packaging. We're also working to tackle waste and improve efficiency in other ways. We're reconfiguring our manufacturing processes, making them leaner and cleaner. We're installing the infrastructure necessary to achieve total carbon neutrality in our China HQ by 2024, and investing to make our factories and our entire supply chain carbon neutral by 2030.

However, we know that we can't do it alone; to create a greener future, we need the help of those who will inherit it. That's the impetus behind our Gym in a Box, a program that puts sustainably produced ZIVA workout gear into schools where young athletes can share in our commitment to their health and to the health of the great wide world. This commitment to sustainability is a natural extension of the ZIVA Way to Live.

COMMERCIAL

Commercial quality materials and manufacturing with iconic, eye-catching design: that's been the soul of ZIVA® since the very beginning. The products in our Commercial Line are all built for the most demanding environments: gyms where clients come to be inspired, to train hard, to build better bodies, and better lives. We've made the products in this Line attractive, inspirational pieces that are rugged and durable, tough enough that gym-goers can grind out an excruciating set and drop their gear to the floor, while gym owners can feel proud watching them because they have the confidence that their equipment is made to last. From racks to rigs to bells, bumpers, bars, bags, and balls, every piece in the Commercial Line is designed to inspire, to lead users and owners to new heights of excellence and higher paths along The Way.

GLOBAL KEY ACCOUNTS

BASIC-FIT

"ZIVA is Basic Fit's preferred free weights and functional training products partner in Europe. ZIVA delivers premium quality products and customized solutions for Basic Fit and our members and supports our growth in Europe."

Rene Moos
CEO

"ZIVA offers Lift Brands a solution by ensuring access to a large range of products that our franchises love. The product and price is one of the best in the business but the extra attention, care factor and willing to truly be a partner and not just a vendor is what makes ZIVA a great company to do business with."

Andy Peat

Fitness First

"We enjoy a great working relationship with ZIVA, where we are always assured of conscientious and pro-active account management."

Simon Flint
CEO Evolution Wellness
Fitness First and Celebrity Fitness

"We rely on ZIVA for all our free weights and functional equipment needs. Excellent equipment, good value and great service from ZIVA at a local level. Delivery times have kept up with our aggressive build program and we are a happy customer. I like the fact ZIVA keeps evolving with the changing trends in the industry and endeavor to stay ahead of the curve."

Mike Lamb
CEO

jetts
24 hour fitness

A close-up, low-angle shot of a muscular man lying on his back on a light-colored floor, performing a floor press. He is holding a black dumbbell with both hands, and the weight is visible on the end cap. The man's face is partially visible on the right, looking down at the weight. The lighting is dramatic, highlighting the man's physique. The background is blurred.

FREE WEIGHTS

The timeless training tools that have inspired fitness revolutions throughout the ages and throughout the world. Dumbbells, barbells, weight discs, and more form the foundation of strength and hypertrophy training.

ZVO

The ZVO Series of free weights represents the pinnacle of performance, design, and durability. These best-in-class workout tools feature iconic ZIVA® design, the most advanced materials and manufacturing processes, and a premium look and feel that is second to none. The ZVO Series was made especially for high-end, high-traffic commercial gyms that want the very best.

EX

When it comes to free weights, the EX Series is the best-in-class solution for storage and benches. Specially designed to deliver unparalleled ruggedness and an unquestionably premium look and feel, EX racks and benches bring the sturdiest materials and the most uniquely attractive designs to inspire gym-goers to greater intensity and greater passion for their gyms.

SL

The SL Series of dumbbells, barbells, and racks offers a range of excellent, unique designs coupled with high-quality materials and manufacturing that give each piece a high-end look and feel. The free weights in this Series speak with the same design language as the racks, making for sets that are beautiful as they are well organized.

ST

The ST Series of storage racks and benches features unique, minimalist designs crafted from thick steel tubing and plate for highly durable pieces that stay looking great despite the constant wear of high-traffic commercial gyms. This Series, with its premium look, serves as an organizational tool, a showcase, and a signpost that advertises a gym's commitment to excellence.

XP

The dumbbells, barbells, racks, and discs in the XP Series are no-nonsense, built-tough free weights and storage solutions made to withstand the most intense levels of use in high-traffic commercial gyms. This highly durable equipment is designed to meet any gym's needs, and to provide the foundations upon which great gyms are built.

FUNCTIONAL

Beautifully built functional fitness equipment designed to inspire. Balls, bags, boxes, bars, and every piece of essential equipment for the modern functionally focused premium fitness facility.

OZVO

The functional ZVO Series, featuring bells, bags, balls, barbells, bumpers, and more, is the best-in-class for the foundations of functional training. The pieces in this Series are all specially designed to not only withstand the rigors of high-traffic commercial gyms, but to do so with superior look, feel, and performance. They are the elite tools that make tried-and-true functional fitness exercises possible.

The EX Series offers a specially designed mix of premium functional stations and storage racks. The functional stations are customizable gym centerpieces that combine functional fitness features with flexible storage solutions. The storage racks are built to maximize available floor space, keep gyms clean and uncluttered, and feature protective PVC-lined shelving that are display cases just as much as they are organizational hubs.

The SL Series brings incredible durability and design to the basic building blocks of functional fitness workouts. The pieces in this Series represent the core equipment necessary for intense, full-body work, and have been made with superior materials and always attractive ZIVA® design to give users a tool that inspires.

The storage racks in the ST Series are beautifully designed displays that give the most attractive functional fitness tools an organized home worthy of them. Made with thick steel plate and tubing, these high durability racks keep everything in its place for an uncluttered, always clean gym.

The pieces in the XP Series are no-nonsense, built-tough storage and functional fitness solutions made to withstand the most intense usage environments in high-traffic commercial gyms. This highly durable equipment is designed to meet any gym's needs, and to provide the foundations of a great workout.

SIGNATURE

The Signature Series contains elite functional fitness pieces that make a statement: we are committed to working with the very best athletes and equipment. Made in collaboration with the fitness visionaries that made these tools the mainstays they are today, every piece in the Signature Series offers the ultimate in performance, look, and feel.

ZEL ZEP EX FUNCTIONAL TRAINING STATION

The ZIVA® EX Functional Training Station offers the ultimate combination of storage, display, stretching, and training. A central pull-up bar allows for several grip variations; 8x adjustable PVC-lined shelves store and display functional training equipment; 2x vertical bars serve as anchors for rope and stretching; 2x specialized suspension trainer anchors round out its offering; and a TV bracket lets gyms turn this into a total training solution. Precision designed to transform typically wasted corners into premium athletic attractions, the EX Functional Training Station serves as an immediate signal to all visitors that a gym is head and shoulders above the competition.

EX FUNCTIONAL CORNER

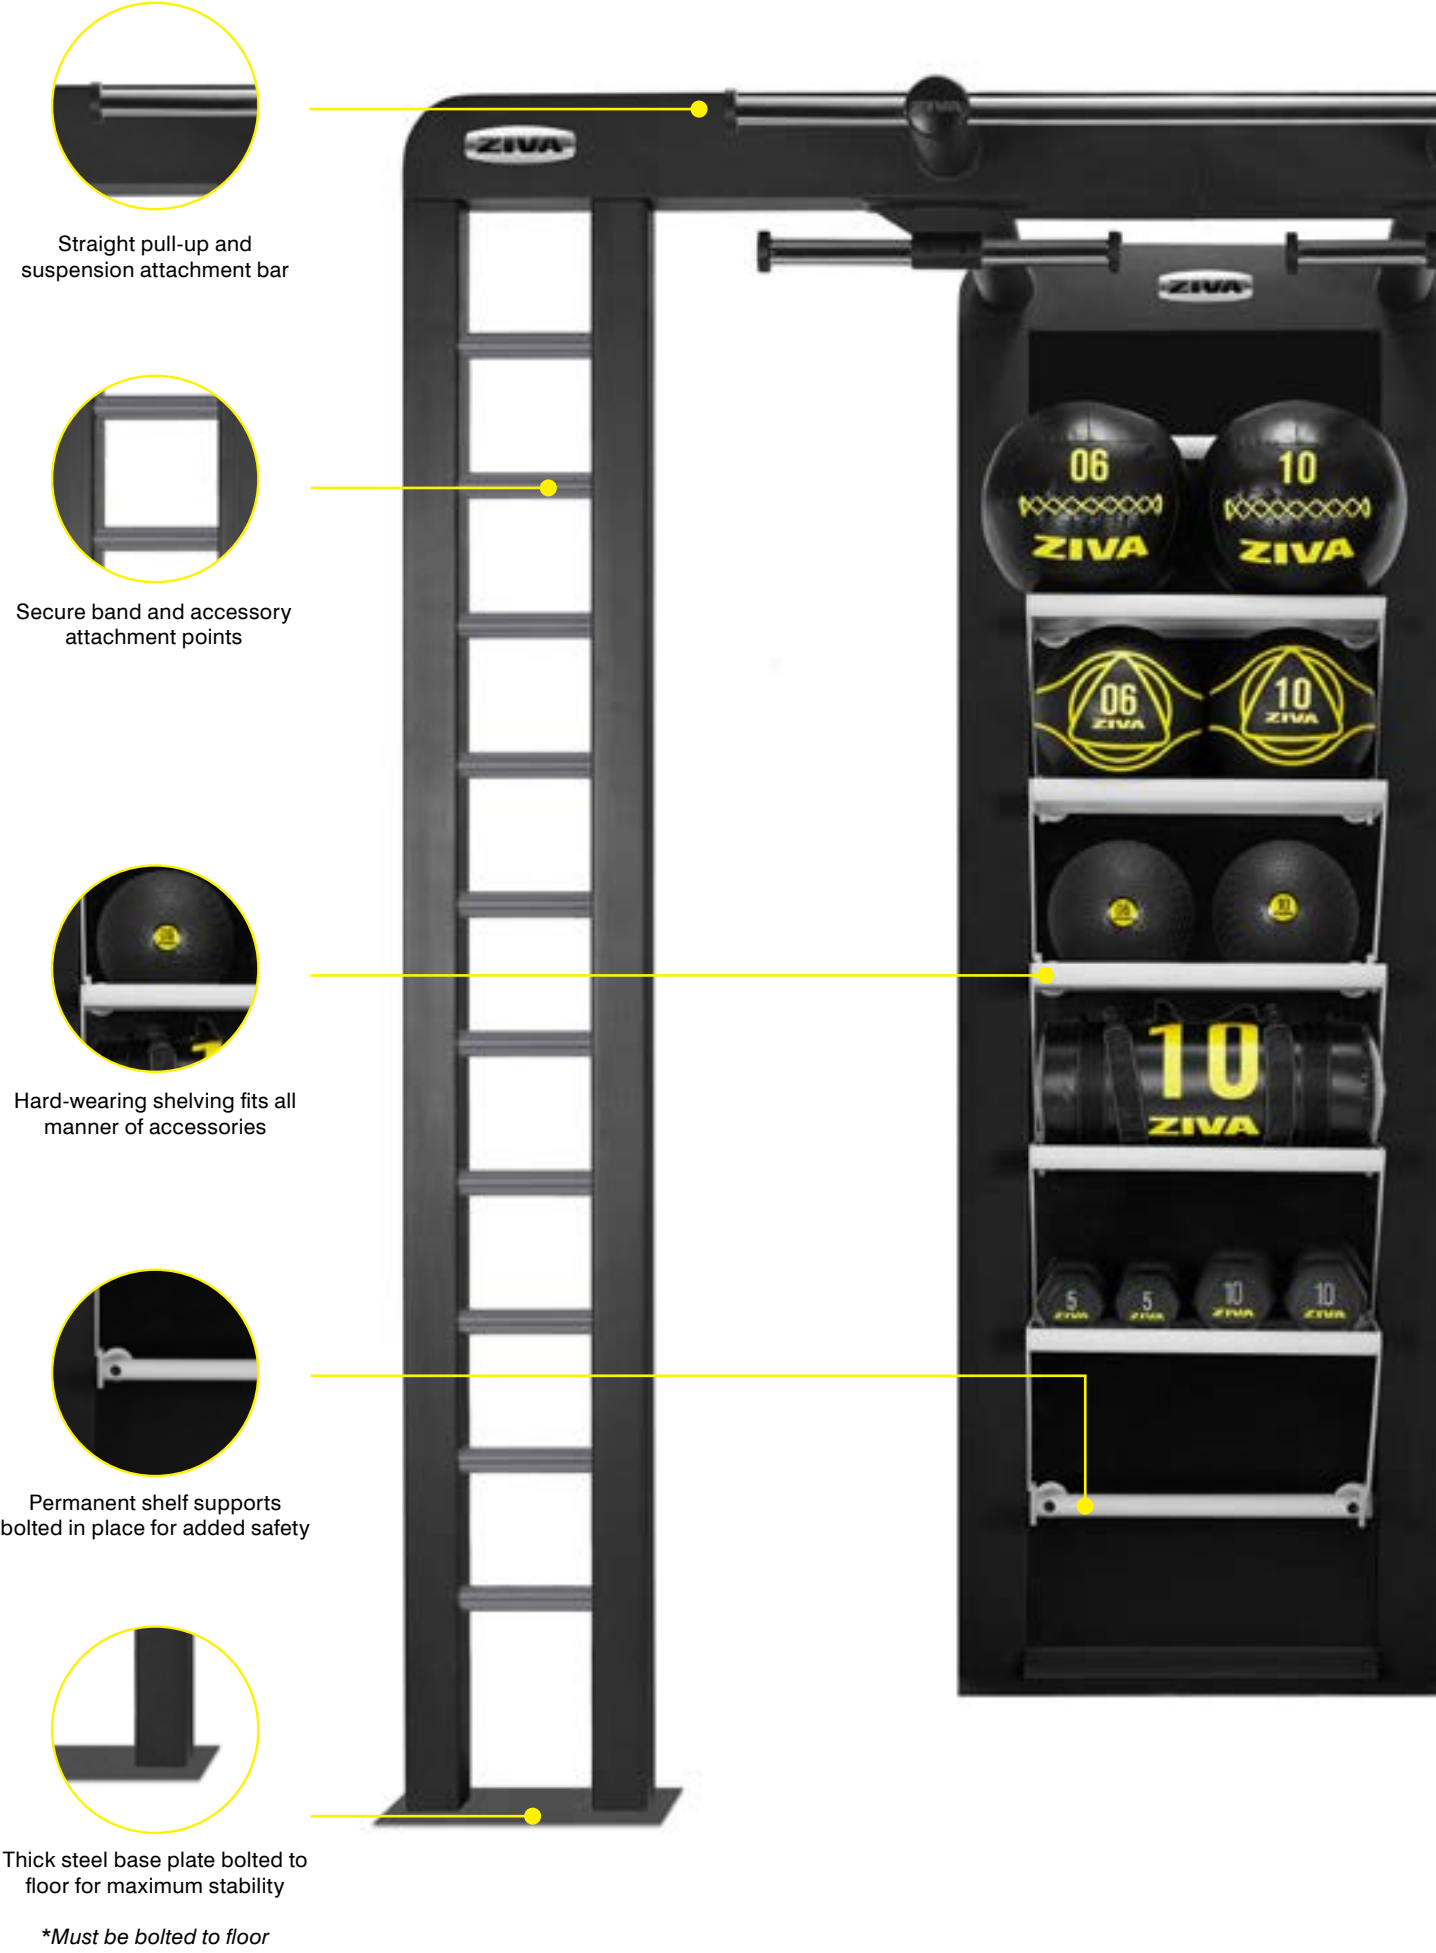

The ZIVA® EX Functional Corner is a stretching center with built-in racks; a storage hub with room for a variety of balls, bags and bells; a multi-person bodyweight training station with pull-up bar and a multitude of hanging positions; and is a suspension training base with anchors at every conceivable angle. Ultimately, though, it is more than the sum of its parts. It serves as an immediate, eye-catching signal to gym-goers that this is a facility that will help them take functional fitness training to elite levels, and do so with premium aesthetics that inspire.

ZEL

ZVO SLAM BALL

Full-body strength and endurance; intense, explosive cardio; and challenging rotational core exercises combine in one durable, elite-level tool guaranteed to push performance to its absolute limits. The ZVO Slam Ball features a weighted, sand-filled center wrapped in a tough PVC shell with gripping tire tread skin, and is made to be thrown with abandon over and over again. Overhead slams, woodchoppers, Russian twists, and more unique full-body exercises test the limits of users’ core strength and endurance while building shoulder, chest, arm, and leg muscle in a holistic fashion that includes often neglected supporting and stabilizer muscles.

ZEL SL SOFT PLYO BOX 3-IN-1 WITH PU FOAM

How do you get high-intensity high jumps with low risk and low impact? The SL Soft Plyo Box 3-in-1. This Plyo Box consists of a commercial-grade, high-durability anti-slip PVC skin that easily goes on and off of a PU foam core for easy cleaning. The box itself offers 3 different intensities. Turn it one way, and it's a tough 20" step platform. Turn it another, and it's a high-intensity jump workout tool. Give it one more turn to 30" and it's a workout that builds speed, explosivity, and power. Any way you turn it, it's a functional fitness mainstay.

Order Code	Item Description
ZSL-SFPY-4013	SL Soft Plyo Box 3-in-1 with PU Foam (51cm x 61cm x 75cm)

Description		SL Soft Plyo Box 3-in-1 with PU Foam
Specifications		Made with a Solid PU foam inner core, with PVC outer coating
Product Color		Black with white
Warranty		Limited 1 year warranty

ZEL ZVO GLUTE PLYO BOX

While usable as a regular plyo box, the ZIVA® ZVO Glute Plyo Box is specially designed to emphasize glute and calf activation in a way that's impossible with the average, flat-topped box. The Glute Plyo Box's sloping surface, covered in a high-durability PVC coat, forces users' feet, ankles, and legs into the optimal positions to most accurately target tough to hit body parts so trainers can ensure better results in the areas that matter most to users.

Order Code	Item Description
ZMT-GLPY-5671	ZVO Glute Plyo Box

Description		ZVO Glute Plyo Box
Specifications		Inner core is made with a PE Foam core and PU foam outer shell. The outside is made from hard-wearing PVC shell with webbing handles
Product Color		Black with yellow
Warranty		Limited 1 year warranty

ZEL ZVO DUAL SURFACE PLYO BOX 3-PIECE SET

The ZVO Dual Surface Plyo Box 3-Piece Set delivers hard-wearing versatility that stacks and stores with ease. Each of the 3 differently sized boxes - 15cm, 30cm, and 45cm - feature a firm side that acts as a steady landing platform at any height and a soft side that challenges users’ ankle, knee, and hip stabilizers for incomparable functional fitness workouts. Stable even when stacked thanks to sturdy velcro straps, these Plyo Boxes come wrapped in a tough PVC skin that gives them a long life even with heavy use in high-traffic commercial gyms.

Order Code	Item Description
ZFT-PYST-0738	ZVO Dual Surface Plyo Box 3 Piece Set - 15, 30, and 45cm (6", 12", and 18" inches) New Velcro Strap

Description		ZVO Dual Surface Plyo Box 3 Piece Set

RACKS & RIGS

The greatest gyms help clients enjoy intense, heavy workouts in less time with racks and storage that use great design and great construction to deliver safety and stability while keeping everything they need close at hand.

Customizable functional training with a premium look and feel. That's the underlying design concept for the EX Series. Every EX training station is made to fit a range of accessories that enable suspension training, ball workouts, boxing and more. And while all the products in our Commercial Line are made to withstand the rigors of high-traffic commercial gym environments, because the EX Series is made to support the twisting, turning, explosive action of functional fitness workouts, it features enhanced stability with ultra-durable hardware that locks it into the floor.

XP

Gyms come in a vast variety of shapes and sizes. XP racks and rigs are modular marvels that can be mixed and matched to fit any gym, whatever its shape or size. Every piece in the XP Series features commercial grade steel plate and tubing, and zinc-coated hardware, and thus can easily be fixed together to create facility-spanning structures. Each piece in the Series can also be customized with any of the 16x XP Rig Attachments for greater storage and training options to perfectly meet the unique needs of any gym.

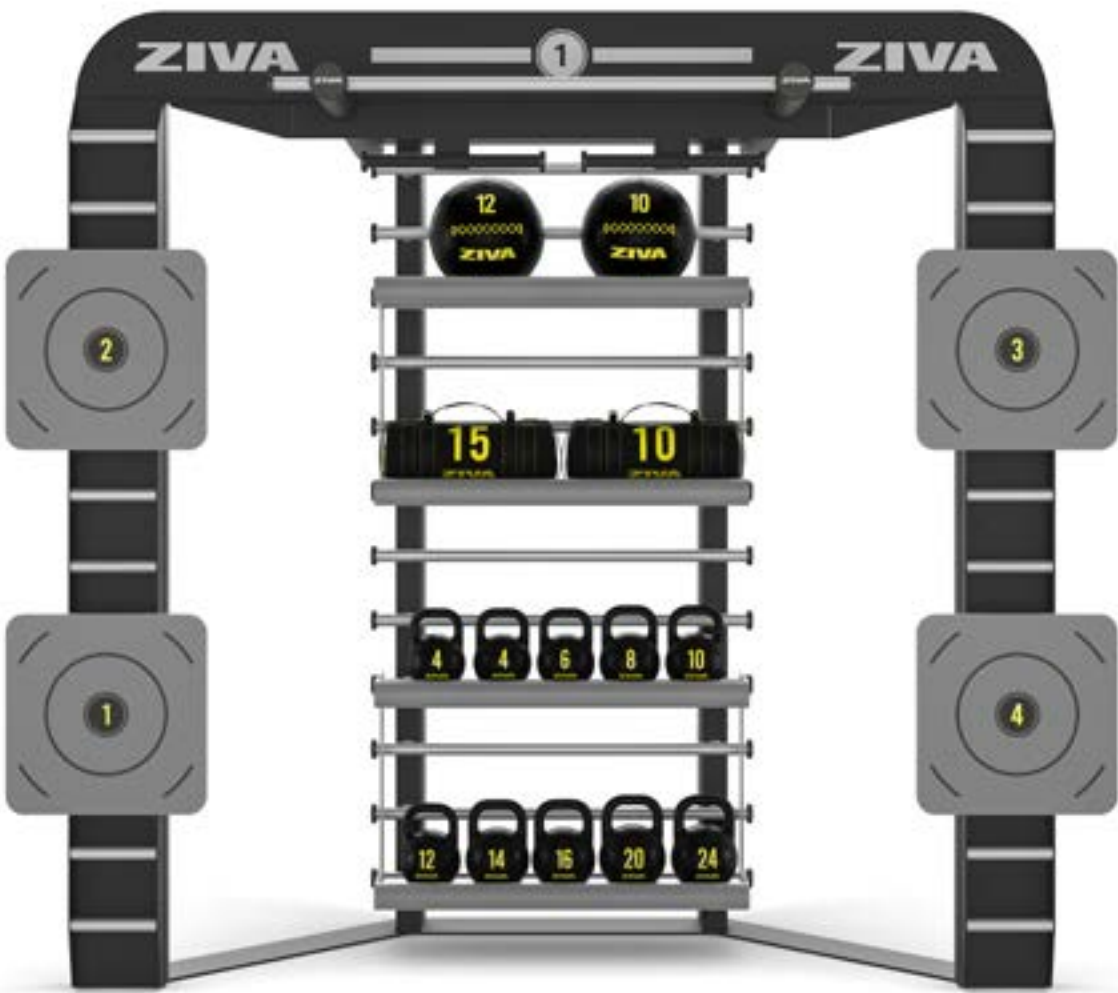

XP2

The XP2 Series offers an ideal solution to the question of whether to dedicate an area to storage or to training equipment. The answer? Both. These racks and rigs seamlessly combine an array of storage options with a range of training equipment in packages that maximize efficient use and utilization of valuable floor space. Capable of handling both the heavy-duty weights of barbells movements and the rapid twists and turns of suspension trainers, resistance bands, and battle ropes while holding all manner of equipment, the XP2 Series lets gyms have it all.

ZEL ZEP EX TRAINING CORNER

The ZIVA® EX Training Corner takes gyms’ often underutilized corner spaces and makes them into customizable storage and training hubs. The Training Corner’s structure is formed from thick steel plate with a scratch-, corrosion-, and rust-resistant black powder coating, and features grey steel tube rungs made to fit all EX Training Accessories so gym owners can tailor it to their facility’s needs. The rungs double as anchors for suspension trainers and stretches.

SELF-SUPPORTED MODULAR RIGS

ZIVA® Self-Supported Modular Rigs are both expandable and customizable. Crafted from thick steel tubing with a scratch-, corrosion-, and rust-resistant powder coat, each section bolts into the floor with zinc-coated hardware and includes dual-height flying pull-up bars and a pair of J-Cups, and can be attached or detached piece-by-piece depending on a space’s overall layout and design. The Rigs’ laser-cut holes are made to fit all XP Rig Attachments so the structure can be customized for tailor-made storage and training hubs that perfectly meet a facility’s unique needs.

XP2 FLOOR-MOUNTED FUNCTIONAL RACKS

The ZIVA® XP2 Floor-Mounted Functional Rack takes the traditional squat bay used for heavy barbell movements and combines it with storage and customizability. Crafted using commercial-grade thick steel tube and plate, the storage portion of this rack includes 4x shelves made to fit dumbbells, kettlebells, and functional training equipment, and 1x shelf specially made for large wall or core fit balls. The squat bay, built with the same ultra-durable commercial-grade materials, comes with a pair of J-Cups and safety arms, and can be added onto with the entire range of XP2 Accessories for additional storage and/or functional fitness pieces. Pull-up bars span the entire structure and an included punching bag and suspension point further make the XP2 Floor-Mounted Functional Rack a gym centerpiece designed to meet a variety of needs.

OLYMPIC BARS

The Olympic Bar has been the basis for any weight training routine since weight training as a discipline was first born. ZIVA® has taken this ageless yet elite piece of exercise equipment and fitted it with needle roller bearings for smooth, even, easy rotation during lifts, etched it with grip-assisting knurling, and finished it with either understated, modern, black oxide or sleek, stylish chrome. ZIVA Olympic Bars fit all Olympic-sized weight discs and come with capped ends for reduced maintenance needs. Turning your home gym into an elite, heavy-weight training studio begins here.

PERFORMANCE RUBBER BUMPER PLATE

Extreme toughness that bounces back and never folds under pressure: that's the hallmark of our Performance Rubber Bumper Plates. Ultra-durable, premium rubber coating covers precision-calibrated iron weights with Olympic-sized wear-, rust-, and corrosion-resistant chrome-plated hubs on these plates specially designed for HIIT, cross-training, and Olympic lifting. Even when dropped from a height, these rubber plates with beveled edges won't scratch up floors or walls, or harm the bar or surrounding equipment.

Order Code	Item Description

PERFORMANCE POWER CORE BAG

The often under appreciated yet extremely versatile and powerful classic sandbag is a multipurpose functional strength training tool with numerous benefits that are not possible to realize through traditional barbell training alone. The ZIVA® Performance Power Core Bag takes this dynamic, less easily controlled resistance that recruits more stabilizer muscles across the entire body, and updates it with heavy-duty nylon straps, a thick PVC skin, and large, easy identification weights numbers. This highly flexible tool allows users to enjoy a wide variety of compound lifts and combined compound lifts, a dream for full-body superset routines.

Order Code

PERFORMANCE COMPETITION KETTLEBELL

The kettlebell is a beautifully simple, full-body strength-building and conditioning tool. ZIVA® Performance Competition Kettlebells take this conventionally unadorned iron ball and add an eye-catching splash of competition color. With rust- and corrosion-resistant paint in pink, blue, yellow, purple, green, orange, and red, its ultra-durable chrome handle helps build grip strength and is less prone to dings and scratches than cast iron or plastic. These iconic, boldly styled kettlebells are gym centerpieces worthy display, and even more worthy of great competition.

PERFORMANCE WOODEN PLYO BOX

Built to withstand intense HIIT workouts at the high frequency of a commercial gym, the ZIVA® Wooden Plyometric Jump Box offers a satisfying, reverberating thud with each jump onto its stable, sturdy landing surface. Crafted from commercial-grade, high-durability composite plywood with a bonded exterior and beveled edges, this no-nonsense functional fitness mainstay offers 3 different intensities depending on which way it's turned. Whether at 50, 60, or 70cm, it delivers workouts that build speed, explosivity, and power with a head turning minimalist aesthetic.

Order Code	Item Description
ZFT-PBWD-7233	Performance Wooden Plyo Box

Description		Performance Wooden Plyo Box
Specifications		Made from plywood
Product Color		Natural brown
Dimensions		50cm x 60cm x 75cm
Warranty		Limited 6 month warranty

PERFORMANCE PLYO BOX

How do you get high-intensity high jumps with low risk and low impact? The ZIVA® 3-in-1 Plyometric Jump Box. Our plyo box consists of a commercial-grade, high-durability anti-slip PVC skin that easily goes on and off of a PE foam core that athletes can set any of 3 ways for different intensities. Turn it one way, and it's a tough 20z step platform that works the calves, hamstrings, and glutes. Turn it another, and it's a high-intensity jump workout tool that challenges you to leap 24" high and land gracefully on its soft surface. Give it one more turn, and you have to soar to 30" for workouts that build speed, explosivity, and power.

Order Code	Item Description
ZFT-TRPY-4014	Performance Plyo Box

Description		Performance Plyo Box
Specifications		Made from PE foam inner core, with PVC outer coating
Product Color		 Black with grey and white
Warranty		Limited 1 year warranty

PERFORMANCE SLED

For the functionally focused gym frequented by sport-specific training clientele, the ZIVA® Performance Sled is a crucial piece of equipment. Built to be ultra-durable, the sled consists of a steel frame and 4x exterior bars – two on each side so it can be pushed back and forth without having to turn it around – and a central loading bar, all with a wear-, rust-, and corrosion-resistant black powder-coating. The sled itself weighs 26kg and the central bar can fit up to 10x bumper plates for an intense full-body workout that develops users’ legs, core, arms, shoulders, and explosivity.

Order Code	Item Description
ZFT-PWSD-4016	Performance Sled

Description		Performance Sled
Specifications		Made with steel frame and bars
Product Color		Black powder-coated finish
Storage		Fits up to 10x bupper plates
Dimensions		86cm x 51cm x 91cm - 26kg
Warranty		Limited 5 year warranty on frames and welding, 1 year on plastic parts

PERFORMANCE BATTLE ROPE

The ZIVA® Performance Battle Rope is the perfect harmony of high intensity interval training and complete upper body and core building exercise. Weighing in at 9kg, our Battle Rope is light enough to facilitate an exhaustive cardio workout for athletes, and heavy enough to build strength in shoulders, arms, back, and core. Woven from nylon with tough rubber handles, the Battle Rope is built rugged and durable enough to survive the rigors of a commercial gym.

Order Code	Item Description
ZFT-BTRP-0912-BK	ZIVA Battle Rope (5cm * 15m)
ZFT-BTRP-0913-BK	ZIVA Battle Rope (3.8cm * 10m)

ZXP-RGAT-0987	Wall Mounted Battle Rope D-Handle Attachment

Description		ZIVA Battle Rope
Specifications		Made from hard-wearing nylon & PP rope and with a nylon cover, rubber handles and a steel ring
Product Color		Black and grey
Warranty		Limited 1 year warranty

PERFORMANCE BODYWEIGHT TRAINER SYSTEM

We have taken this functional fitness mainstay and upgraded its flexibility and versatility. The ZIVA® Performance Body Weight Training System uses a tough forged steel cam buckle that makes adjustments easy; commercial-grade certified steel carabiners with keylock noses for easy attachment and removal; and a reinforced strapping loop with exceptional load-bearing capacity that allows for a huge variety of functional exercises. Our Body Weight Training System can be used like a traditional suspension training system, but utilizes a unique individually anchored handle strap design that also allows for each handle to be anchored separately, allowing for exponentially greater exercise variation and workout design.

Order Code	Item Description
ZFT-APUS-0921-BK	Performance Bodyweight Trainer System
ZFT-WASK-6690	Performance Bodyweight Training Wall Anchor Kit

Description		Performance Bodyweight Trainer System
Specifications		Made with nylon strapping and with chrome & painted hardware
Product Color		 Black and grey
Warranty		Limited 1 year warranty

PERFORMANCE RESISTANCE BANDS / PERFORMANCE LOOP RESISTANCE BANDS

ZIVA® Performance Resistance Bands and Loop Resistance Bands are incredibly versatile, compact pieces of equipment with which trainers and users can prehab, rehab, warm up, stretch, and even undertake serious, strenuous workouts. Made with high-durability, high-elasticity thermoplastic rubber that can simulate multiple levels of resistance, these bands are easily integrated as strength and endurance tools into group class settings, but also work great as stretch-assistance tools when training alone.

Order Code	Item Description
ZFT-LTBD-6595	Performance Resistance Band Light
ZFT-LTBD-6597	Performance Resistance Band Medium
ZFT-LTBD-6598	Performance Resistance Band Heavy
ZFT-LTBD-6599	Performance Resistance Band Extra Heavy
ZFT-MNBD-0429	ZIVA Loop Resistance Band Set (3 pieces)

Description		Performance Resistance Bands / Performance Loop Resistance Bands
Specifications		Made from latex rubber
Product Color		 Black, red, grey, and yellow
Warranty		Limited 6 month warranty

PERFORMANCE WOODEN RINGS SET

Strength, stability, flexibility, and control are the hallmarks of gymnastics rings, and the ZIVA® Performance Ring Set brings an eye-catching aesthetic and premium quality to this simple yet versatile functional fitness tool. Crafted with real wooden rings and ultra-durable nylon straps, this an elite-level exercise equipment delivers shoulder, chest, core, arm, and back workouts in an incredibly compact package that wraps up tight to be stored anywhere, and its adjustable length strap means it can be anchored just about anywhere, too.

Order Code	Item Description
ZFT-WDRS-7191	Performance Wooden Rings Set

Description		Performance Wooden Rings Set
Specifications		Made with nylon strapping, painted or chrome hardware and wooden rings
Product Color		 Black and wood
Warranty		Limited 1 year warranty

AGILITY TRAINING

ZIVA’s Agility Training products features everything a studio or gym might need to begin offering functional fitness classes or personal training with a sport-specific agility focus. The height-adjustable hurdles, an agility ladder and cones with carrying stand, ab pads for advanced ab work, and parallettes, are all made to the quality standards needed to withstand the rigors of heavy training environments.

Order Code	Item Description
ZFT-FTAH-0556	Adjustable Hurdles 5 Pcs Set
ZFT-FTAL-0512-YL	Agility Ladder 15" Spacing
ZFT-FTAC-0488	Agility Cones & Carry Stand 30 pieces

Product Color		Black and yellow
Warranty		Limited 6 month warranty

FOAM ROLLER

For increasing muscle length and improving joint mobility during and after workouts, foam rollers are on the frontline. Perfect as an at-work accessory to relieve muscle tension and soreness after prolonged sitting and stress on the job or as a part of your functional fitness routine to facilitate self-massage therapy, physical therapy exercises, and advanced yogic techniques, the ZIVA Foam Roller delivers premium, commercial-grade, high-durability construction in a lightweight molded PVC package with firm foam knobs that help dig into pressure points and problem areas.

Order Code	Item Description
ZFT-DFRL-0108	Foam Roller

Description		Foam Roller
Specifications		PVC foam construction
Product Color		Black
Warranty		Limited 1 year warranty

PERFORMANCE RESISTANCE TUBE WITH SAFETY SLEEVE

To train and build muscles, they must work against resistance; that doesn't necessarily mean training with heavy, hard to move around the gym weights. ZIVA® Resistance Tubes with Safety Sleeves provide ultra-portable, lightweight, compact, progressive resistance that simulates different weights at different points along its high-durability, high-elasticity band. Just grab hold of the comfortable, non-slip, antibacterial rubber grips, and place a foot down on the nylon safety sleeve that protects the elastic resistance tubing underneath. The closer the foot is to the handle, the greater the resistance and muscle-building stimulus.

Order Code	Item Description
ZFT-SBRT-0545	Performance Resistance Tube with Safety Sleeve Light
ZFT-SBRT-0546	Performance Resistance Tube with Safety Sleeve Medium
ZFT-SBRT-0547	Performance Resistance Tube with Safety Sleeve Heavy
ZFT-SBRT-0548	Performance Resistance Tube with Safety Sleeve Extra Heavy

Description		Performance Resistance Tube with Safety Sleeve
Specifications		Made from TPR tubing, nylon tape, chromed clips, and PP handle with rubber grip
Product Color		 Black / Grey
Warranty		Limited 6 month warranty

PARALLETTES

Few exercises are as universally practiced as the pushup, and no exercise equipment maximizes this movement’s muscle-building functional fitness potential like the ZIVA® Parallette bars. Made with heavy-duty 11-gauge steel tubing with a black rust- and scratch-resistant powder coat, these parallettes offer a wide, stable base that keeps them from slipping regardless of how hard users go. By raising pushups a full 7cm off the floor, these bars offer deeper pushups so users recruit more muscle fibers, making their exercises more effective. ZIVA Parallettes are an aesthetically advanced and expected addition to commercial gyms’ functional fitness areas.

Order Code
ZFT-PRLT-0430-BK

Item Description
Parallettes

Description		Parallettes
Specifications		Made from steel with 32mm handle diameter and hard wearing textured powder coating finish
Product Color		Black with yellow
Warranty		Limited 1 year warranty

ALUMINUM SPEED JUMP ROPE

The jump rope is cardio classic. As part of a WOD, HIIT, or standard cardio routine, it stands out as a fun fitness endurance challenge that works the calves, quads, forearms, and shoulders all at once. We’ve taken this timeless tool and have brought it into the modern age. The ZIVA Aluminum Speed Jump Rope uses burnished, lightweight aluminum handles etched with grip-assisting knurling and an adjustable-length steel cable covered in protective rust- and corrosion-resistant PVC, steel bearings and durable aluminum hardware for a commercial-grade piece of equipment that users can pick up and get a fantastic workout with wherever they are.

Order Code
ZFT-SKRP-0531

Item Description
Aluminum Speed Jump Rope

Description		Aluminum Speed Jump Rope
Specifications		Made with aluminum and steel jumping cable covered in PVC skin
